Influence®
The power of professionalism

How can you differentiate yourself? The answer lies in knowing how to present your unique brand with confidence, how to develop and maintain proper business relationships, and how to enhance your professionalism. ***Influence*** is pleased to introduce a forum that empowers professionals to explore their unique business opportunities and challenges.

Established in 2000, ***Influence*** came as a direct result of two individuals of different backgrounds who had a common desire to positively impact the corporate world. Sue Jacques and Ann Marsh are ambassadors for respect and confidence in the workplace. Their consulting firm provides corporate and personal training in professionalism, image management, leadership coaching, networking skills and dining protocol.

Ann brings 16 years of banking management experience to the company. This, coupled with her commitment to community and her personal journey of self discovery, is what makes her inimitable as a coach and trainer. Ann specializes in individual and group work coaching in strategic planning, leadership skill development and goal setting.
